

SUZUKI ***STYLE***

St. Christopher

A New Style of Casual Riding

The Suzuki 'Style' brings smooth power delivery and fresh, clean-cut styling to your everyday riding. This new scooter's 2-stroke, forced air-cooled engine and V-belt transmission add lively acceleration to the convenience of its compact, lightweight design.

Economy of Operation

The fuel efficient 'Style' gives maximum economy to save both money and time wasted on refuelling.

User-Friendly Power

With a V-belt 'stepless' transmission, acceleration is as simple as turning the throttle. There is no changing gears to worry about.

Convenient Mobility

The combination of a lightweight, compact body and a willing engine makes this a highly convenient and lively machine.

Seating and Styling

Large footwells provide ample legroom and easily accommodate different riding postures. Body styling features a flowing tail form with cleanly shaped taillight.

Safety

The bright headlight increases vision and visibility. The electric starter operates only when the brake lever is applied, making starting as easy and safe as possible.

Ease of Maintenance

Easy - or no - maintenance features include a maintenance-free battery.

Power Plant

The 'Style's 2-stroke forced air-cooled single-cylinder engine provides ample power for smooth and continuous acceleration.

Both Electric and Kick Starter

Both an electric self starter and a kick starter are provided.

Instrument Panel 1

The sporty instrument panel comes with an electric fuel gauge easily readable at a glance.

Push-Cancel Turn Signals

The turn signal can be conveniently cancelled at the touch of a button.

Bright Headlight

The bright 25/25W headlight illuminates your way for safer night riding.

Convenient Storage Compartment 2

There is a compartment under the seat for carrying and storage of personal belongings out of sight.

BODY COLOR: RED

Every effort is made to ensure that at the time of going to press, specifications contained in this brochure are accurate for each model in the range. Particular machines may, however, have specifications which vary from those set out herein. Further, the specifications set out herein are subject to change without notice and major changes may be made. You must, therefore, consult your local Suzuki Dealer to obtain accurate information as to the specifications of any particular machine or model.

Because each country has its own individual traffic regulations for indicators, mirrors, etc., along with special preferences for particular styling and finish, certain items of equipment illustrated in the international leaflets on the Suzuki range may, or may not, be fitted to some machines available in the U.K. You must, therefore, consult your local Suzuki Dealer on the question of original equipment fitted to the machine of your choice.

- Please read your Suzuki Owners Manual carefully.
- Always wear a helmet and protective motorcycle clothing.
- See your Suzuki Dealer for full details of motorcycle rider training.
- Ride responsibly within the law and with respect for other road users.
